

## How to do an OPATUS® CPTA:

OPATUS® CPTA is done on a smartphone (mobile). Before the test, enter an ID (a self-chosen username or an anonymous study ID), gender and birthday. One should sit in a regular chair without swivel, tilt or armrest in a room without disturbances. The mobile is held with both hands and with the hands in the knee as shown in the figure 2. Use the thumb of your dominant hand.
